BARCELONA

Barcelona is a city on the coast of northeastern Spain. It is the capital and largest city of the autonomous community of Catalonia, as well as the second most populous municipality of Spain with a population of 1.6 million people.

Barcelona is home to many people coming from different parts of Spain, Europe and the world. It is characterised by a high number of organisations working in the social sector and by a lively social life and debate, in which however many voices are still unheard.

La Xixa is part of the social and activist network, working everyday and step-by-step to foster intercultural dialogue and active participation of all people living in our beautiful city, in order to promote a real social transformation and contribute to the construction of a more inclusive and just society.

DID YOU KNOW THAT SPANISH IS NOT THE ONLY LANGUAGE WE SPEAK?

Barcelona's soul is rooted in its history, traditions and language. Barcelona is a bilingual city in which **Catalan** and **Spanish** are both spoken by its population.

During your stay in Barcelona you will have the opportunity to be in contact with both languages.

The Online Language Support (OLS) is a tool provided by the European Commission in order to help you with your Spanish. Furthermore, if you are interested in learning Catalan, there are courses that you can access for free through the Consorci per a la normalització lingüística

- Your **ID card** and/or **Passport** (if you have it, bring it!)
